

## Implementation of the Amman-Berlin Declaration - Donor Profile (February 2026) -

### I. Amman-Berlin Declaration

The Declaration sets out two specific targets, the second of which being:

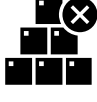

*We will strive to ensure that **at least 15 percent** of international development programs being implemented **at the country level** pursue disability inclusion as an objective (“**15 percent for the 15 percent**”).*

We will strive to achieve this target by 2028, the year in which the fourth and next *Global Disability Summit* is to be held.

To achieve this target, the donor countries that have endorsed the Declaration commit to the following:

- reporting on the number of programs on disability inclusion; and
- increasing their efforts to target disability inclusion in their portfolio

### II. Key Statistics\*

	Qatar implemented a total of <b>1661 ODA activities</b> globally.
	Qatar implemented ODA activities in <b>42 recipient countries</b> that have endorsed the declaration.
	There is <b>available data for 0,0%</b> of ODA activities funded by Qatar globally. Therefore, the introduction of the OECD DAC policy marker on the inclusion and empowerment of persons with disabilities is recommended.

\*All statistics in this donor profile are based on the [OECD Creditor Reporting System](#). Commitments by the donor from 2024 were analyzed. Certain modalities and sectors were not included in the calculation. The exact details can be found in the [technical note](#).

<b>III. Bilateral Portfolio</b>					
ODA recipient country (that has endorsed the AB-Declaration)	All donors		Qatar		
	% of activities scored with disability marker	% of activities targeting disability inclusion	Number of donor activities	% of activities scored with disability marker	% of activities targeting disability inclusion
