

## Implementation of the Amman-Berlin Declaration - Donor Profile (February 2026) -

### I. Amman-Berlin Declaration

The Declaration sets out two specific targets, the second of which being:

*We will strive to ensure that **at least 15 percent** of international development programs being implemented **at the country level** pursue disability inclusion as an objective (“**15 percent for the 15 percent**”).*

We will strive to achieve this target by 2028, the year in which the fourth and next *Global Disability Summit* is to be held.

To achieve this target, the donor countries that have endorsed the Declaration commit to the following:

- reporting on the number of programs on disability inclusion; and
- increasing their efforts to target disability inclusion in their portfolio

### II. Key Statistics\*

	The United Kingdom implemented a total of <b>6461 ODA activities</b> globally.
	The United Kingdom implemented ODA activities in <b>43 recipient countries</b> that have endorsed the declaration.
	There is <b>available data for 82,6%</b> of ODA activities funded by The United Kingdom globally.
	Disability inclusion is a target of <b>26,2%</b> of ODA activities funded by The United Kingdom globally.

\*All statistics in this donor profile are based on the [OECD Creditor Reporting System](#). Commitments by the donor from 2024 were analyzed. Certain modalities and sectors were not included in the calculation. The exact details can be found in the [technical note](#).

### III. Bilateral Portfolio

ODA recipient country (that has endorsed the AB-Declaration)	All donors		United Kingdom		
	% of activities scored with disability marker	% of activities targeting disability inclusion	Number of donor activities	% of activities scored with disability marker	% of activities targeting disability inclusion
Ukraine	62,0%	7,2%	302	67,5%	2,0%
